CURRICULAM VITAE
PERSONAL IDENTIFICATION

Name: Elisante Kamera

Address: Arusha

Date of Birth: 16th October 1993

Tel No: +255625799697/+255768552032

Gender: Male

Email: 2016kamera@gmail.com

Marital Status: Single

Nationality: Tanzanian

EDUCATION BACKGROUN

YEAR OF STUDY	ACHIEVEMENT	SCHOOL/UNIVERSITY	LOCATION
2014-2018	Bachelor of Science in Software Engineering	College of informatics and virtual education (CIVE) at University of Dodoma	Dodoma
2012-2014	Advanced certificate of secondary education	Milambo high school	Tabora
2008-2011	Certificate of secondary education	Mwika high school	Moshi vijijini
2001-2007	Certificate of primary education	Mwika primary school	Moshi vijijini

PERSONAL DETAILS

I am a Tanzanian boy aged 28 years old, holder of a Bachelor of Science in Software Engineering from University of Dodoma, one of the renowned Universities for enhancing hands on knowledge and technology in Dodoma. I seek to contribute my experiences and skills in information technology, graphic design, software develops and knowledge to the ICT (Information Communication Technology) field in our country and the world.

I have pursued some practical field trainings as an essential integral part of the four-year bachelor's in software engineering Program as depicted below under the section of working experience.

PROJECT UNDERTAKEN

In my first-year Industrial practical training at College of Informatics and Virtual Education (CIVE) in University of Dodoma I design and developed Damu Salama system as project using PHP language which used to record all people who is member of Damu Salama and register the new blood donor based him/her specific area. The object is to locate the blood donor and keep his/her record. In second year, I design and developed the storyboard of college daily activates and transfer it in animation form. I design different logs, advertisement, broacher and presentation of present different projects. Also in my second year, I design and developed online Voting system, which is android app that allow the user to vote of the candidate through his/her smart phone and tablet. I design the system user interface by use Adobe Photoshop and DIA.

In third year, I design and developed online gas home service delivering app known as Mhina Gas App that allow user to order gas service through his/her, and after that I design advertisement to promote Mhina Gas App.

Also, in my final year at College of Informatics and Virtual Education (CIVE) in university of Dodoma, I design and developed SMARTPAY System using Android Application language and PHP language to secure online transaction in Tanzania online shopping websites.

WORKING EXPERIENCE AND TECHNICAL SKILLS

July –September 2015 I have done Industrial Practical training at College of Informatics and Virtual Education (CIVE) in University of Dodoma.

Where I covered different parts as follows:
- ➢ Database such as ORACLE and MYSQL
- ➢ Database designing and developed
- ➢ PHP language
- ➢ Android Application language
- ➢ HTML and Java Script
- ➢ Developing Damu Salama System as a sample project by use PHP language.

August - September 2016 I have done Industrial Practical Training at College of Informatics and Virtual Education (CIVE) in University of Dodoma.

Where I design and developed Voting System, which is a Web Application and Android Application, through Voting System students in my college, can vote of his/her leaders by use him/her smart phone. The scope of Voting System is within my college, Web Application used to register the candidates of election. Admin side is in web site also.

August - September 2017 I have done Industrial Practical Training at College of Informatics and Virtual Education (CIVE) in University of Dodoma.

Where I design and developed Mhina Gas app, I design advertisement to promote this an application. Mhina Gas app user can install this application through his/her smart phone and tablet in order to access this application. User can order service or products and distributor deliver to him within exactly time, after product been deliver user must pay of the product price.

March – July 2018 I study LAN switching course at College of Informatics and Virtual Education (CIVE) in University of Dodoma.

Through LAN switching course I done different network laboratory tasks such as to configure an individual network as practical tasks. In LAN switching course, I performed different issues as follow:

- Ethernet (cable, switches and troubleshooting).
- Configuration of VLAN (To create VLAN, static VLAN, range of VLAN).
- How to design LAN.
- Configuration and verifying VTP.
- How to configure trucking.
- Spanning tree protocol (RSTP and STP).

December– 2018 to May-2019 IT at Killhost.ltd Company.

- I was database administrator responsible for overseeing the maintenance and security of company data
- I designed and developed the PS (Procurement System) and its database by used PHP and MYSQL.
- I designed and developed the CRS (Company Register System).
- I developed different websites.
- I designed and redesigned different logs and posters.

July– 2019 to November-2019 IT at Tech-Board Company.

- I was worked with MongoDB as a database.
- Designer and administrant the database of different projects.
- I designed and developed the Ocean-Church website.
- I designed and developed the Mounting Fire Church website.
- I designed and developed the Mounting Fire Church dashboard system.

Desember-2019 to October-2020 freelance IT.

➢ Data entity, data analyst and database designer in different company such as Tech-Board, Killhost.ltd.

➢ Graphic design especial in logos, brochure, business card and poster using Adobe Photoshop.

➢ Creating and implementing storyboard and animation using Blender.

➢ Editing videos using Adobe premiere pro.

➢ Design software system user interface using Adobe Photoshop.

October-2020 up to now IT at Bestway Capital Management Company

➢ To design and implement database.

➢ To monitor system performance, implement changes and apply new patches and versions when required

➢ To monitor database performance, implement changes and apply new patches and versions when required

➢ Set up workstations with computers and necessary peripheral devices (routers, printers etc.)

➢ Also, I perform troubleshooting to diagnose and resolve problems (repair or replace parts, debugging)

➢ I provided orientation and guidance to users on how to operate new software and computer equipment e.g., BCM system and application.

➢ I developed the BCM website and BCM system using Laravel Framework

➢ I am developing the frontend of ICO system

COMPUTER SKILLS

- Computer graphic design
- Linux
- Adobe Photoshop and Adobe Prime Pro
- Microsoft Word, Power Point, Excel and ERP (SAP).
- Internet and Email Configuration.
- Software and Hardware Installation and Update.
- I can operate office machines like photocopiers, printers and binding machines, also I do possess basic electronic and printing skills.
- ORACLE, MySQL server, SQL server, PostgresDB, SPSS, WEKA and EPInfo.
- Computer Programming languages such as C++, PHP, Java and Android Application.

PERSONAL STRENGTH

- Willing to learn and add to my knowledge.
- Self-confident and with great patience.
- Committed to excellence, work to meet tight deadlines and multitask.
- Hardworking, flexible, cooperative, faithful and have a problem-solving attitude.
- Good team player and builder, positive thinker and willing to work intensively under pressure with minimum supervision.

LANGUAGE SKILLS

- Fluent in English both verbal and written.
- Fluent in Kiswahili both verbal and written.

REFEREES

Name: Mr. Timoth Ndunguru

Position: IT officer, at National Development Corporation

Tel No: +255762847287

Name: Dr. Hamisi Fereji

Position: Industrial Practical Training coordinator, at College of Informatics and Virtual Education (CIVE) in University of Dodoma.

Tel No: +255714025657.

Name: Dr. Chali

Position: Mhina Gas App supervisor

Tel No: +255755002595.

Name: Mr. Daniel Mangesa.

Position: CEO, at Tech-Board Company

Tel No: +255742246472

Name: Mr. Mussafiri Chullah

Position: Director of technical department, at BCM (Bestway Capital Management) ltd

Tel No: +255764804319
